

Working with Univenture

Univenture is the world leader in high quality, versatile and cost effective disc packaging. Since 1988, more than three billion discs have been packaged or stored in our patented Safety-sleeve® products.

The U-1000 system is the result of thousands of hours of engineering and development. Its efficient design offers a totally automated and flexible solution to an unlimited range of disc packaging requirements with the capability and reliability to meet high and growing production demands. The unique combination of high capacity and high quality will improve both your profitability and the competitiveness of your product.

To provide the fastest turnarounds, Univenture has manufacturing facilities strategically located in the United States and Europe. All Univenture

locations are linked with centralized inventory and tracking to maintain strict quality and security procedures.
