#### EMPLOYMENT

1996-1998 Computer Administrator, Pioneer Shipping Company Ltd. During the summers between 1996-1998 I worked maintaining the company's AS400 servers and Shipping Database

1998-1999 Assistant Programmer, Data Systems International Ltd. Working with Microsoft Visual Studio (Visual basic, C, .ASP) I assisted in porting DSI's existing private banking software from MS-DOS to Microsoft Windows with support for On-line modifications and Reporting.

2001 Assistant Manager - Tech Support, Amoury Company Ltd. responsible for servicing various clients' Windows Workstation (98-NT 4.0) and training new employees.

2001-2005 Graphic Artist/Webmaster/Computer Administrator, Creative Edge Advertising & T-Rex Screen Printing. Originally hired as an illustrator, I have learned to handle all aspects of multimedia that were provided there. My skills include Hand & Vector Illustration, Web Design, Sound & Video editing, Photography, Screen Printing, Computer Aided Embroidery as well as administering and all Mac network.

I was the head artist at T-Rex handling such diverse tasks as digital embroidery and high end illustrations, creating separations for 4-colour process t-shirts as well as spot-colour

Vital member of a small team responsible for handling large accounts. The latest example being The Bahamas' only Telecommunications provider Bahamas Telecommunications Co. (BTC). After conceptualizing and compiling the telephone directory for the past 4 years we were asked to become their agency of record and began a new campaign to strengthen their image and re-brand their services which has been successful thus far.
