

Cat Tricks – January 2005

Mac OS X (Jaguar or Panther) perform tricks!

Here's how, courtesy of your club's cat wranglers:

Trashing the Trash

To empty the trash quickly, without mousing up to the Menu command,

Click on the Trash can and HOLD.

Or...

with a mouse equipped with a right button, mouse over the Trash and RIGHT CLICK

Secret Dock Spot

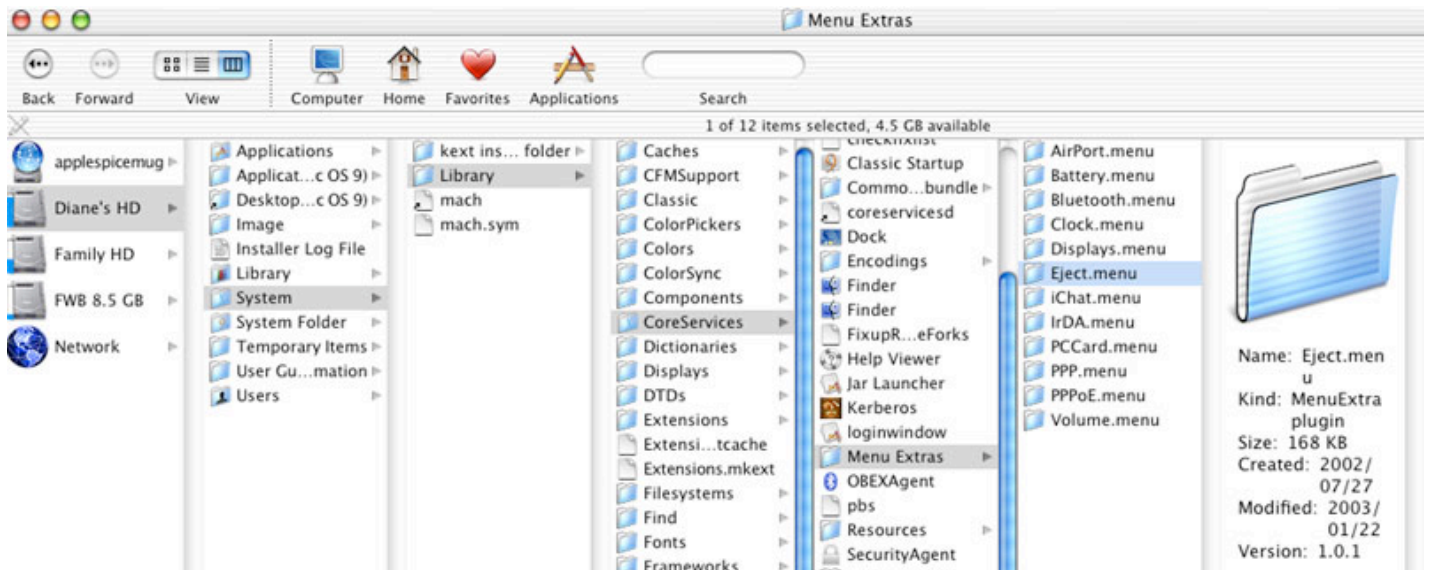

Here are two easy steps to get the Dock Menu to pop up without going into System Preferences...

1. Mouse over the dividing line on the dock, adjacent to the Trash can
2. CLICK and HOLD on the line (or RIGHT CLICK with a two-button mouse) and the Dock Options menu will pop up!

Get EJECT CD on your MENU Bar

To add EJECT CD to your top menu bar, follow this directory path...

Your HARD DRIVE

>SYSTEM folder

>LIBRARY folder

>CORE SERVICES folder

>MENU EXTRAS folder

>EJECT.MENU file
