BOLDLY integrating the liberal arts with professional studies, we prepare motivated students to make a difference in a globally connected world. At Heidelberg University, we're deeply invested in building your success.

WHAT CAN WE
STUDY?

The Heidelberg **SPiRiT** is the first time you call your roommate and say, without thinking, "I'm headed home." It's the night you realize that you performed a dissection in your anatomy lab, sang Handel's Messiah all the way through at Concert Choir practice and presented a proposal at a student government meeting, all in the same day. It's also Heidelberg's Division III athletics in the competitive Ohio Athletic Conference, which means exciting games for both players and fans.

“Heidelberg has it all—challenging academics, the Honors Program, supportive faculty, service opportunities, study abroad programs and extracurricular organizations. Heidelberg is my second home!”

—Holly Yanacek, double major in German and education

“Heidelberg students are doing hands-on work and interacting intimately with professors. *We want our students around us.*”

—Dr. Pam Faber, biology professor

“Heidelberg has given me many opportunities to get involved and start my freshmen year off right. I don't feel like a number here. The faculty and staff are always very helpful in guiding me, plus I have a great, diverse group of friends that are always there for me.”

—Drew Jackson, biology major, pre-med track, minors in chemistry and psychology
