

HELP NATHAN KICK LEUKEMIA

NATHAN
7 Years Old

Be
Nathan's
hero.

Be
tested!

- Eligible donors must be between the ages of 18-60 and in general good health.
- Blood type doesn't matter.
- Pregnant women CAN be tested.
- Test is by a simple blood draw.
- Those previously tested do not need to be retested.

YOU CAN MAKE A DIFFERENCE!

Nathan has leukemia and is in need of a bone marrow transplant. **His mixed ancestry (Scandinavian and Southern Italian) are not well represented in the Registries** and he hasn't found a match. You could be the one!

Donors will be entered into the National Marrow Donor Program of New England's Registry for the benefit of patients worldwide in desperate need of life-saving matches.

SATURDAY, APRIL 8th

11 A.M. TO 4 P.M

**St. James United
Methodist Church**

646 DW Highway, Merrimack, NH

The cost to be tested and put on the National Bone Marrow Registry is \$65 per person.

We are hoping to decrease this cost by applying the donations we receive before the event. Please check with your individual insurance company policy as some insurance companies reimburse the cost of bone marrow testing.
