Translation of ISPO Publications

English . Français . Español . 中文

ISPO supports its NMS' wish to translate its publications into their native languages and to foster wide distribution of the translated publication among its membership and in regions using that particular language.

To arrange translation, the involved NMS must follow the publisher's established procedures regarding copyright issues, including notification of the original authors.

Interested NMS should submit their translation proposals to the PPC for consideration and approval prior to the commencement of the translation.
