**GORGEOUS, FLORIST-QUALITY POINSETTIAS
FRESH, FRAGRANT, BEAUTIFUL WREATHS & SWAGS**

We will be taking orders for fresh, California-grown poinsettias and wreaths & swags from Washington State to raise money for our All-Night Grad Party. Please take an order form and buy some for your own holiday enjoyment—and sell some to extended family members, friends, neighbors and co-workers.

HELPFUL INFO:

- The poinsettias come from Clearwater Nurseries in Nipomo, CA, a commercial grower that sells primarily to florists and other retailers. The pots come with stem protectors, are wrapped in holiday foil, and are then sleeved in plastic to prevent breakage.
- Pacific Northwest wreaths and swags come to us fresh from Sherwood Forest Farms, in Washington State.
- A poinsettia care sheet is available on our website for your information. By following these simple instructions, you can make these plants thrive and bloom year after year!
- Poinsettias are NOT POISONOUS! That is a myth. Families with small children and pets have no reason to fear—even when ingested in large amounts, there is no evidence of toxicity or harm.

- **Take orders from now until Friday, November 23rd.**
- Make sure you get your customers' phone numbers on the order form, in case you need to track them down at distribution/pick-up time.
