SUMMER ARTS AT ARCHWAY IS A PROGRAM OF
WOODS EDGE, INC. A NON-PROFIT CORPORATION.

THE MIXLAB SUMMER

The mixlab Summer Camp is a two-week workshop for students wanting to learn all about multi-track recording, sound effects, loop-based music, podcasting, and stop-motion, just to name a few.

Whether you are interested in mastering your own music CD, producing a podcast, or creating a short video, the mixlab Summer Camp is a great place to make it happen.

SOMETHING NEW EVERY DAY

During the first week, the mixlab morning workshop starts off with a new skill. Through fun-paced activities in the afternoon, campers master the software and hardware, while applying new production techniques.

By week two, campers are working together, experiencing first-hand the thrill of adding their own unique skills to a professional-quality production. These projects may include a podcast, a video short, a sound track, or stop-motion animation.

At the mixlab you “put it all together” by combining music with your video, or sound effects with your stop-motion masterpiece.

We supply the tools — you bring the creativity.

CAMPERS WILL ENJOY:

- Individual workstations
- The latest software and gear
- Expert, personalized instruction
- Class size limited to 12
- Healthy snacks and recreational activities
- A field trip to a local recording studio
- Projects posted online
- After-camp care (*included in price*)
