I graduated with a BA (Hons) degree (2:1) in Fine Art from UWIC, Cardiff in 2002 and since then I have personally taken part in more than seventy exhibitions.

My oil paintings are developed from my ink and watercolour drawings of everyday and familiar / found objects. I use bold bright colour, surrounded by fluid black outlines and large areas of white. In my latest paintings I have focussed in on smaller and smaller areas of my drawings meaning the viewer does not see what the starting point is. I produce figurative drawings & paintings from life. I also take photographs. In my photography, I like to focus in on everyday objects similar to how I produce my paintings, the things that people may not notice.

As part of my studies, in 2001, I went on an exchange to an art college in Italy for three months. While I was there, I learnt some of the language & organised an exhibition with two other artists. I now organise & promote exhibitions with [HeadSpace @ EggSpace](#) who have curated around 40 exhibitions in total.

I am part of [Capture Photographers](#) who specialise in wedding photography & events.

I am a musician: I sing, play guitar and I play regular gigs in and around Liverpool. I am also part of [Sense of Sound](#) Choir, and have been performing with them since early 2005. Sense of Sound were recently the featured choir on [Russell Watson's](#) UK tour & also recently performed with [Paco Peña](#) in his Requiem For The Earth. Last year Sense of Sound Choir reached 6<sup>th</sup> place in [Last Choir Standing](#), the search for Britain's Favourite Choir, that was televised on BBC1. Sense Of Sound were also recently featured on Songs Of Praise on BBC1 & recently performed in: Liverpool The Musical at the Echo Arena alongside The Farm, Gary Christian, Dave Stewart & Ringo Star; At the Royal Variety Performance alongside Seal & Jon Bon Jovi; And as part of the Liverpool Nativity. The choir have also worked with & performed alongside Damon Albarn, David Coulter & Chrissy Hinde amongst others. In 2006 the choir made it through to the finals of [BBC Radio 3 Choir Of The Year](#).

As well as maintaining my own website, I have been involved in the design & maintenance of the following websites amongst others:

[Capture Photographers](#)

[Wittens](#)

[HeadSpace @ EggSpace](#)

[Carolyn Sinclair](#)

[Karen Henley](#)

I have also been involved in running various art, photography & music workshops since 2004 with The Umbrella Centre (PSS) as a result of a placement I did with them whilst on a Community Arts Management course at LCAD, with Catalyst Performing Arts, with Roscoe Junior School and with Delfina Women Ltd.
