

Dear Prospective Member:

I would like to invite you to become a member of the Chemical Reference Material Manufacturers Association, CRMMA. CRMMA is a non-profit corporation formed in 1994 to promote an open market, facilitate better communication with government and between members, and to promote the manufacture and continuous improvement of high quality chemical reference materials.

The organization has actively participated in a number of important industry issues including definition of certification data, refinement of packaging requirements and clarification of shipping regulations.

Our annual meetings (typically held during PITTCON), board meetings and subcommittee gatherings, provide valuable roundtable discussions of many important industry issues. And of course our active email exchanges and web-site postings provide for instant information exchange.

There are three types of membership as further defined in the CRMMA Bylaws. Full voting General Membership is available to non-government organizations that manufacture Chemical Reference materials. Non-voting Associate Membership is available to organizations not involved with manufacture. A non-voting Liaison Membership is also offered to government agencies.

If you have further questions please feel free to contact me at 732-549-7144, xt400, robenauf@SPEXCSP.com or our organization's president, Ronald Manning 301-816-8236, rgm@usp.org. I enclose a membership application. For consideration, please return the application and your 2005 dues in the amount of \$500.00 made out to CRMMA.

Sincerely,

Ralph H. Obenauf, Secretary, CRMMA

Membership Application

Chemical Reference Material Manufacturers Association

Name of organization: _____
