

# Physics - Mini Project

## It's the Law!

**Due Date:**  
**Tuesday, May 12**  
**Grade Value: 40 Points**

**The due date is Tuesday, May 12.**

Students: This project was assigned on Tuesday, March 10. The project packet that you received on that day contained the following: project information, project ideas and suggestions that could be found on several web-sites, and a potential rubric. The entire "Mini-Project: It's the Law!" packet can be found on my website [www.pattysue.com](http://www.pattysue.com) (table of contents; 1<sup>st</sup> semester worksheets; projects).

You have been given time to choose a topic and do research for your investigation.

You are now required to give me a formal update on your investigation progress. This page serves as the formal update and will be your confirmation to me that the project information written on this page is indeed the project that you will be turning in on Tuesday, May 12. This confirmation is to be returned to me no later than Friday, May 6. (Remember testing is May 3 – 6)

Please complete the following information and make sure that you get parent approval signature.

Name \_\_\_\_\_ Period \_\_\_\_\_

Project Topic \_\_\_\_\_

Names of other students working with you: \_\_\_\_\_ Period \_\_\_\_\_

\_\_\_\_\_ Period \_\_\_\_\_

(If 3 people attach a copy of the email verification)

Parent approval of this project: \_\_\_\_\_

Write a paragraph giving a brief summary of your project.  
(A sketch and size dimensions would be an added benefit to me)
