District 27 has a web site available at www.d27tm.org and a blog at blog.d27tm.org. Both are great tools for making information available to members. But did you know that Toastmasters are taking advantage of many social networks (see <http://bit.ly/tToCz> for the full list) to stay in touch and share information? If you're already a member of one of these networks or if you're looking for a way to benefit from the knowledge and experience of other members, why not take a look and add to the exchange? If you've identified other networks that are not mentioned here, please report to Mike Schultz.
