

# Portable Universal Concrete Mixer

**M** TIME DEVELOPMENTS INC.

## The Concrete CUBE\*

*It's Time to Think Inside of the Box!*

The C.U.B.E. is the portable batching solution of concrete mixers! It comes standard with a 36" by 120" sand and gravel conveyor that can be top-loaded by a skid steer. An integrated water and cement loading system allows for easy on-site batching at 6 plus yards per hour. Gas powered. Use super sacks dry mix or attach load cells. Because it is UNIVERSAL, you can find several ways to use and to save money using the C.U.B.E. to batch concrete. Use your imagination.

Please call (250.89M-TIME) or email (dave@m-timedevs.com) for rates. Daily, weekly, or monthly rentals available.
