Motivation

Contribute my technical expertise, experience, creative talent, and passion to a progressive and socially responsible organization...

Experience

*Contract Admin/Developer, **R|com Creative**, Tustin, CA, 3/06-present*

- Apache web server, open source CMS deployment & configuration
- Mac OS X Server set-up, optimization, maintenance & administration
- Online photo database setup/deployment; MySQL, PHP, XHTML & CSS

*Contract Web Developer, **Outclick Media**, Irvine, CA, 3/06-9/06*

- Implemented Google Maps API for ASP-based physician directories
- Consolidated & integrated ASP code base & SQL DB for multiple sites
- Set-up & deployed Windows 2003 Server for shared hosting of sites
- Managed on- & off-site contract & permanent developers & designers

*Webmaster, CTO, **ZUMA Press, Inc.** Dana Point, CA, 11/04-12/05*

- Managed re-design of [ZUMApres.com](#) online wire service/photography database to Apache/PHP/XHTML/CSS/JavaScript standards-based site
- Managed IT Department (programmers, developers, designers, DBA)
- Managed office & infrastructure move (50+ Mac OS X workstations, T1)
- Managed co-location move (~20 Unix servers, RAIDs, router, switches)
- Designed Classic ASP-based, conditional web site-loading mechanism distributing e-mail marketing campaign traffic among servers
- Managed array of 20+ servers transferring 75,000 files/day worldwide

*Webmaster, Application Developer, **Medata, Inc.**, Tustin, CA, 6/01-11/04*

- Developed XSL-FO templates for PHP & Java-based XML billing system outputting 1,000,000+ PDF bills/mo for clients Zurich & Farmer's Ins.
- Developed ASP-based 'WAP' wireless web diagnosis verification system
- Implemented web-based documentation system using Apache Forrest
- Designed & developed web-based (HTML, CSS, JavaScript) data entry front-end for legacy COBOL back-end medical billing review system

*Web Developer, **BUY.COM**, Aliso Viejo, CA, 5/00-3/01*

- Developed ASP-based self-help system enabling users to identify, track & resolve their own problems (resulting in call center volume decrease)
- Developed bundle/grouping display-logic integrating product availability

*Manager/Webmaster, **Real Legends**, Vista, CA, 10/99-5/00*

- Managed Content & Development Groups (10 people) for initial launch of PL-SQL/Oracle-based authentic sports memorabilia e-commerce site
- Wrote \$50,000 RFPs for load-testing software (Rational & RSW e-Suite) simulating 1000s of concurrent users bombarding site infrastructure

*App Program Mgr, Webmaster, **Brain.com**, Newport Bch, CA, 4/96-8/99*

- System Admin for Email, Website, LAN & DNS Servers
- Director of Marketing, Technical Support & Customer Service
- Developed managed marketing campaigns 3000+ emails/day
- Software/User Interface Architect / Packaging Design
- Managed traffic increase from 1,000 to 26,000+ unique IPs/day
- Technical manual writer and documentation specialist
